EXPERIENCE THE EXCEPTIONAL

Lakme Ceramics is a subsidiary brand of the Lavish Group. Equipped with ultra-modern machinery and the latest printing equipment, Lakme produces remarkable surfaces that meet international standards. Each tile is passed through our stringent quality control practices, and only made dispatch-ready if it meets our predefined standards. Featuring a range of finishes, designs and textures our surface are available in various sizes to ensure our customers can express their style with more freedom!

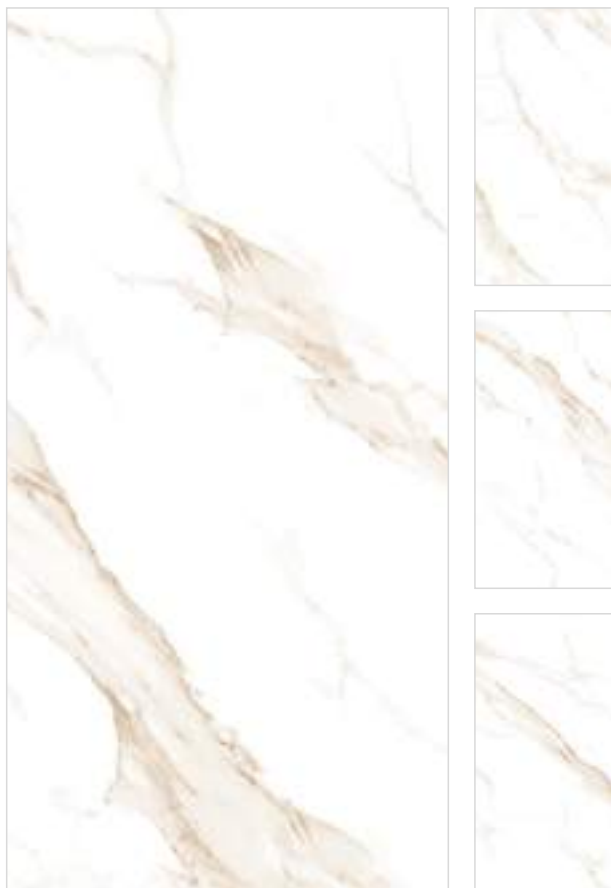

Carving

COLLECTION

600x600mm | 600x1200mm

Enhance the aesthetic appeal of your space with Lakme's exquisite Carving Collection, which showcases an authentic carving effect that meticulously captures the smallest details. Highly popular in commercial spaces, including offices, restaurants, airports, and shopping centers, this collection is renowned for its impeccable style and durability. Moreover, it's a perfect surfacing solution that meets both aesthetic and practical expectations. In addition to its visually captivating appearance, the collection offers technical features such as stain and scratch resistance and easy maintenance, rendering it a versatile choice for a wide range of design applications.
